Spencer—Gilliam

Monroe, Nov. 8—A beautiful wedding was solemnized at the Methodist parsonage Wednesday evening at 9 o'clock, when Miss Nancy May Gilliam, of Alcoma, Buckingham county, became the bride of Mr. Caryl Jackson Spencer, of Crewe. Mrs. Richard Ivanhoe Morgan, of Andersonville, Va., aunt of the bride, was her only attendant, and Aaron Bradshaw, of Crewe, was best man. The ceremony was performed by the groom's uncle, Rev. W. P. Province. Owing to a recent death in the bride's family only the immediate families were present.

Red Cross Notice

Miss Eula May Burke, who is chairman of the Red Cross in this county, is detained in North Carolina, where her brother has been ill for some time. She urges all men and women to join the Red Cross and give name and $1 to Miss Virginia Ferguson, who will enroll his or her name as a member of the Red Cross for 1921. Do not join chapters in cities or other counties because your county seems not to be conducting a Roll Call, for your county needs your membership. But until your chairman can return and start her committees to work, send your $1 to Miss Virginia Ferguson and urge your neighbors and friends to do likewise. Children may join for 25 cents.

Fifty cents of every dollar now will be spent for home needs—such as nurses in case of epidemics, poverty, illness, bad health conditions, etc. So you will be helping your home people. Send your membership fee at once.

Kill the Hawks

The Virginia Game and Game Fish Protective Association in annual session in Richmond last week appropriated $250 to be paid in prizes to the person killing the greatest number of hawks in the State between January 1st and October 1st. In addition, a Parker gun is to be awarded to the person killing the greatest number of hawks.

Full information regarding the rules of the contest may be had upon application to the Department of Game and Inland Fisheries, Richmond, Va.

Armor for the Golfer.

"Golfers who fear snakes," says a traveler, "might try the 'tin armor' tactics resorted to by wanderers in the tropical swamp lands. It is the custom of some explorers to fasten a bright tin disk over their ankles. This gleaming spot attracts the reptiles, which invariably strike at it and nowhere else. The stroke is thus rendered harmless and leaves the snake in a position to receive a knockout blow at the intended victim's discretion.—London Chronicle.

Esparto.

Esparto grows throughout extensive districts in the south of Spain, and a poorer quality is found on large areas of poor and sandy lands in Algiers and Tunis. Esparto fiber has been used for centuries in Spain, and the manufacture of matting, baskets and cordage exclusively of esparto dates from the time of the Moorish occupation.

No-Burn Linoleum.

Non-combustible linoleum of European invention includes in its composition a chemical which gives off a flame-quenching gas should it be ignited.

D R. PUCKETT

Thursday November 25th is proclaimed as a legal holiday by the President of the United States and Governor Davis of Virginia—Thanksgiving.

Mrs Fanny Fitzgerald and Miss Kathleen Fitzgerald, who have been guests of Mrs. Chas F James, left for home in Mississippi yesterday.

Holiday to morrow—Thanksgiving. Religious services at Liberty church at 7:30 p m. The banks and postoffice will be closed.

Mrs. Samuel Cheatham, of Jacksonville, Fla., has been visiting Mr. and Mrs J H Cheatham at the New Appomattox, and other relatives in town and county.

Walton Jamerson had the misfortune to get a foot hung in his wood sawing machinery this morning and sprained his ankle badly. He will be laid up some weeks.

Men's and women's clothing and accessories of almost all sorts have been greatly reduced in price, as also most all staple food stuffs; but eating houses are still charging war prices for board.

"Captain" R. B. Jack, who has been spending some weeks at the New Appomattox, says he is suffering a complete nervous breakdown, the result of ousiness worries and over work.

Send the Times-Virginian your orders for job printing before the holiday rush, thereby insuring yourself of a plenteous supply to begin the new year with. Our prices are not as high as city prices, and we give you neat work and good quality of paper.

Mr. and Mrs. Walter Almond lost their infant girl Friday night. The child had been ill several days of whooping cough. The child was 11 months old and the family is greatly distressed at its death. Burial at old Berman church Saturday afternoon.

Porcelain Money.

A new element may be introduced into the field of numismatics by the proposal to issue porcelain money throughout Germany. With this purpose in view, a Meissen porcelain factory has already manufactured specimens of coins ranging from 10 pfennig to 5 mark pieces. How successful the new proposal will be remains to be seen. Its adoption would mark an interesting breach with the traditional use of gold, silver, and bronze; and the well-known formulae, A, AR and AE, of the catalogues would have to be supplemented. Apart from the occasional employment of electrum, billon, brass, and potin, iron in the Peloponnesus, and glass for coin weights in Arabia, the three established metals, in their varying forms, have rarely been challenged.

Modern Tanning Inferior.

Commenting on an article by Robert G. Skerrett on the tanning of leather, the Scientific American says: "The modern art of tanning falls short of the standards set in days gone by. It used to take two years to convert 'green' hide into marketable leather; the modern tanner thinks that he is doing well if he devotes five months to the process. No chemical process has been developed of speeding up the process without detracting from the quality of the product."

Overworking a Proverb.

"Father," said the small boy, "what is a profiteer?"

"A profiteer, my son, is a man who runs across the proverb, 'Make hay while the sun shines' and overworks it."

Hixburg

Mrs. J H McCue returned last week from Bristol, where she attended the Woman's Missionary Union of Virginia as a delegate from the Appomattox association, and reports being pleased with the progress of the work.

There will be an oyster supper, with other refreshments, served at Hixburg schoolhouse on Friday, Nov. 26, at 7:30 p. m., benefit Ladies' Aid Society of the Baptist church. To help, and enjoy it, you must be there.

Those unfortunate fellows who were caught up by the officers who are enforcing the dog law are loud in saying if these same fellows ever get any office again it must come by the vote of the women, as they very much disliked to have to travel 24 to 30 miles to settle a matter that could have been settled here.

Mr. W. R. Gray, who has been spending a few days at his old home, as is his custom during the bird season, left for Mount Hope, W. Va., on Saturday.

Well, as turkey makes a Thanksgiving dinner, I had mine on Monday, as a bunch of Pamplin fellows passed through this way enquiring where my wild turkeys were. I handed out the direction and in less than thirty minutes they had the sport of the season, and when they passed back they handed me a nice gobbler. Now I hear that of late a lot of nice things have been said of the Pamplin folks, and, naturally, I follow suit.

For the heroic venture in entering the Folk mines, near Marble, N. C., several years ago after a gas explosion, in order to rescue the entombed men, Mr Ira Burrell, who has since moved here, received last week from the Carnegie Relief Commission a beautiful medal and a check for one thousand dollars. Such as this is more commendable than going over the top in a battle.

The friends of Mr. Robert Cawthorn, who was so seriously shot by the little McNally boy, accidentally, is getting on as well as could be expected and will not lose his arm, as was first thought, and will be able to leave the hospital in about two weeks.

Mr. Herbert Gilliam was here to see home folks last week. Herbert is looking well and says West Virginia suits him.

Mr. C. K. Hobbs is conducting a meeting at Hurtsville schoolhouse.

Never put off until tomorrow the things that you can do and should be done today.

Thankful for That.

It is said that hatpins to match the color of the eyes are to be worn this year and will be very fashionable. "Indeed," said Brown, as he read the foregoing to his wife, "then I won't have to have green hatpins stuck into my blue eyes."

Ancestors Were All Black!

The fairness of the European skin is attributed to some virtue in the suprarenal glands, and all the knowledge we have since gained supports the conclusion formed by John Hunter 150 years ago that the original color of man's skin was black.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Thedford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

We want this Bank to be different—

To breathe a different spirit, to reflect a different attitude than is said to prevail in some financial institutions.

We desire that this shall be a bank of willing, cheerful service—broad in its views, generous in its sympathies, helpful in its strength—conservative only when conservation is necesssry to maintain that strength.

We want the conscientious interest that we hold for the welfare of our customers to be the magnet which will attract and hold the patronage of a discriminating and appreciative public.

We desire that this spirit shall prevail in every department and be reflected in the helpful attitude of every employee.

This has been our endeavor in the past. It will continue to be our aim and purpose in the future.
